Great Annual White Sale! Fort Sam Houston Flooded We have thrown our doors open to our Annual White Sale, the greatest of all White Sales. When the name Timberlake is associated with WHITE SALE it means a great showing and a great saving to the community. WHITE IS KING, it reigns supreme at this store just at present. We are now in our white garb. As has always been our custom, we will devote February mainly to the selling of our new white goods and wash goods. Everything included in this important sale will be entirely new and bought specially for this sale. A special trip was made to New York in search of still greater whiter sale leaders. For the past week our entire force has been very busily engaged in receiving new goods and arranging them for the WHITE SALE. This sale means a great saving to early buyers. We have used every effort to make this sale cellpse any previous sale of its kind, and we are sore you will agree with us that earlies and the same of the word of the same to the previous sale of its kind, and we are sore you will agree with us that earlies and the same offer for their entire stock of these popular white fabrics. Not an item in the lot that could be sold by any store in the usual way for less than 25c. Some a great deal better. Our mighty cash secured them at our own price se we have concluded to offer these during the WHITE SALE at choice 15c per yard.

We call special attention to our line of Ladies' Marin Underweighten's Ready-made Dresses and Rompers, which we have recently added Chil- that the merits of San Antonio as a ided to our site for a division camp of the army

That court declined in an opinion by Justice Hughes to give its aid to such an attempt on the ground that it would afford the manufacturers of medicines an unlawful monopoly.

The question arose in a sult by the A Full Stock. Miles Medical company of Elkhart, Ind., against a wholesale dealer in medicines in Cincinnati, O., John D. Park & Sons company.

Justice Lurton, when a judge in the circuit court, in announcing the opinion of the circuit court of appeals of the sixth circuit, denying injunctions against cut rates, said that while the manufacturer had a right to a monopoly until the formula was discov-ered by fair means, the courts could not insure him the "unnecessary mo-nopoly" of controlling the price.
